December 2012 **Hunter Education Instructor** Data Update:

At the end of each year we ask for updated information from the HE instructor cadre. Our HE information is kept current in the database as soon as we hear from instructors but we still receive undeliverable mail back from active instructors and phone numbers (dropped landlines) which are not longer functioning.

Please return this form with verifications of our information, so adjustments might be made to help us increase efficiency and save on wasted postage. Thank you in advance for taking the time to complete and return this update form to Margaret. Please use the return envelope which is included in this HE newsletter mailing.

If you have decided that you no longer have the time to volunteer to the HE program and teach at least one class a year, we will miss your hard work but still need to hear back from you.

Thank you, Jim Dawson WGFD Hunter Education Coordinator
